 Bandalux

■ Access to the interior of the box, for simple maintenance

Convenient access to the interior of the cassette, with no need to take it down, facilitating maintenance and cleaning.

■ Ceiling or wall installation

Easy indoor installation with the Bandalux clip system. Extra durable support available for outdoor installations and large dimensions.

■ Channel system options

Specific channels for each type of installation, which reduce the gap to the bare minimum.

■ Maximum stability in outdoor installations

Optional midway profiles that ensure the fabric's stability in the face of wind.

B-BOX DUO®

Privacy and
darkness
all in one
shade

 Bandalux

Double roller shade
with cassette

B-Box
Duo®

Available cassette
size

■ 136mm

Decorative
fabric →

Blackout
fabric →

■ Maximum
blackout
effect

Cassette with
hidden channels,
which optimize
the effect of the
blackout fabric.

■ Double
shade,
combining
a decorative
fabric with
a blackout
fabric

Maximum comfort at any
time of the day, as the
user decides when he/
she wants privacy or total
darkness.

■ Self-supporting
installation

Thanks to the cassette with self-
supporting channels, there is no
need for installation supports.

Z-BOX®

Wind resistance
and total
darkness

 Bandalux

Roller shade with cassette

 Z-Box®

Available cassette sizes

■ 100mm

■ 130mm

Colors for cassette
and components

-  White RAL 9010
-  Black RAL 9011
-  Grey RAL 9006
-  Metal Grey
-  Anthracite Grey RAL 7016

■ Exclusive zipper system

Maximum firmness of the fabric, thanks to the zipper guided system.

When installed outdoors, this system is resistant to winds gusts of up to 90km/h.

Also available with insect screen fabric.

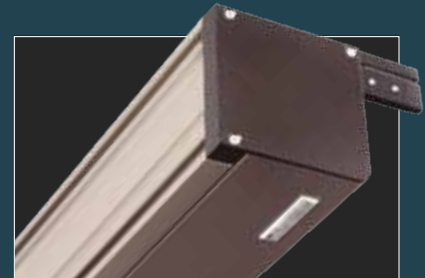

■ Total darkness

The only system that offers total darkness combined with fabrics from the blackout collection.

■ Energy saving

When installed outdoors and combined with the Polyscreen® fabric, this system can save up to 55% in air conditioning, while guaranteeing optimal visual and thermal comfort.

■ Self-supporting installation

Self-supporting cassette and channels, meaning that there is no need for installation supports.

O-BOX®

Smart
design with
high-precision
finishes

 Bandalux

Roller shade with cassette

 O-Box®

Available cassette sizes

 95mm

 130mm

Colors for cassette
and components

-  White RAL 9010
-  Black RAL 9011
-  Metal Grey
-  Stainless Steel Grata

■ Durability and precision

The roller shade with O-Box® cassette is ideal for outdoor installation, thanks to its durable, high-precision system and components.

■ Smart design

Ceiling- or wall-mount supports make it possible to overcome minor differences in size and installation.

■ Level-by-level installation

Two O-Box can be installed at different heights with only one support with stainless steel rod.

■ Guided system options

Optimal fabric fastening outdoors, thanks to the different channels and fastening system options.
